# ADD-ONS SERVICES

## Meal Plans

Our services' meal plans are designed to make the student life easier while providing convenient, healthy, and delicious options!

### Diversity = Strength

We work with one of the most diverse college groups in the country. Each year, our program welcomes students who come from myriad cultures, backgrounds and traditions.

Food is a perfect way to bring people together to share in the beauty of our diverse community. That is why we work to showcase regional and global cuisines with excellence and enthusiasm.

### Curated Cuisine

Our college meals are created with student needs and desires in mind and each has a distinct concept that allows students to explore delicious cuisines with curiosity and excitement.

We know that students excel when they are fueled with the best food, and our mission is to give them that and more.

## Transportation

We provide several options for transportation, depending on location and option chosen by the student. From a bike, a scooter, car, public transportation, to just walking distance, you will make it to campus the easiest and safest way possible!
